POETRY IN MOTION.

Words can barely describe the 2019 Blazer, an all-new mid-size sport utility vehicle with an iconic name. Sculpted and stylish with a roomy, driver-centric interior, this two-row SUV has the soul of a sports car.

With a lineup that ranges from the well-equipped Blazer to the sport-tuned RS to the sophisticated and upscale Premier, every design-focused trim features its own unique personality and look.

Combine that attention-grabbing style with an available 305-horsepower V6, and it’s easy to see why Blazer is designed to leave you speechless.
EXTERIOR DESIGN

LOOKS THAT THRILL. Angular and aggressive, boasting a design appeal that draws on the Chevrolet performance heritage, Blazer brings a bold new look to the sport utility segment. With a sleek front end and lean, muscular profile, there's no denying its powerful presence.

AESTHETICALLY AERODYNAMIC. Blazer slices through the air with a unique front corner execution, curved roof and carefully tuned roof spoiler that help control and direct airflow over the vehicle. Electronically controlled shutters in the grille help increase aerodynamic efficiency at highway speeds.

Blazer RS in Red Hot with available Sun and Wheels Package.
1. **LET THEM KNOW YOU’VE ARRIVED.**
Ultra-thin LED daytime running lamps above the headlamps provide an eye-catching look any time of day. High-intensity discharge (HID) headlamps offer crisp, bright illumination.

2. **THE ART OF A MEMORABLE EXIT.**
LED tail lamps wrap around the liftgate and bodysides, offering a high-tech look to the rear. A distinctive double-Y pattern gives Blazer an appearance that can’t be ignored.

3. **TWICE AS NICE.** A dual-outlet exhaust is standard, with a look that changes to match the trim. Blazer features rounded outlets, while RS (shown here) showcases rectangular outlets and Premier has outlets that are integrated through the fascia for an upscale appearance.
BLAZER PREMIER
SUPREMELY STYLISH, PREMIER LIVES UP TO ITS NAME. THIS TRIM OFFERS:
SIGNATURE BRIGHT CHROME-ACCENTED GRILLE WITH CHROME HEADER
SILVER ROOF RAILS AND CHROME-ACCENTED DOOR HANDLES
20-IN. MACHINED-FACE ALUMINUM WHEELS WITH MEDIUM ANDROID-PAINTED POCKETS OR AVAILABLE 21-IN. PEARL NICKEL-PAINTED ALUMINUM WHEELS
INTEGRATED RECTANGULAR DUAL-OUTLET EXHAUST WITH BRIGHT TIPS
3.6L V6 ENGINE
TWIN-CLUTCH ADVANCED ALL-WHEEL DRIVE
PERFORATED LEATHER-APPOINTED SEATING SURFACES WITH SUEDED MICROFIBRE INSERTS
HEATED AND VENTILATED FRONT SEATS AND HEATED REAR OUTBOARD SEATS
BLAZER RS

Street-inspired and ready to roll, RS looks like it’s in motion even when it’s standing still. This trim offers:
- Custom black mesh grille with high-gloss black hexagonal design, black ice header bar, black roof rails, RS badging and black bowtie emblem
- 20-in. machined-face aluminum wheels with dark android-painted pockets or available 21-in. gloss black-painted aluminum wheels
- Rectangular dual-outlet exhaust with bright tips
- 3.6L V6 engine
- Twin-clutch advanced all-wheel drive
- RS-exclusive red interior accents

Blazer RS in Red Hot with available Sun and Wheels Package.
BLAZER 3.6 TRUE NORTH

With the confidence of switchable all-wheel drive, Blazer True North is an all-season all-star.

True North includes:

- 3.6L V6 engine
- All-wheel drive
- Deep-tinted windows
- Programmable power liftgate
- Trailering equipment and trailer sway control
- Power-adjustable front seats
- Perforated leather-appointed seating surfaces
Blazer 2.5

Modern and muscular, Blazer is the SUV you’ve been waiting for. It offers:

- Signature Black Grille with Chrome Header
- 18-in. Bright Silver-Painted Aluminum Wheels
- Heated Power Mirrors
- LED Tail Lamps
- Rounded Dual-Outlet Exhaust
- 2.5L I-4 Engine
- Keyless Open and Start
- Heated Front Seats

Blazer 2.5 in Silver Ice Metallic.
Blazer RS interior in Jet Black with Red accents.

THE HEART OF RS. A Jet Black interior with leather-appointed seating surfaces welcomes you into RS. Perforations in the seat cushions reveal Red accents. The theme continues with Red piping on the seats and Red-tinted chrome on the circular air vents and shift knob.

A WARM EMBRACE. Heated front seats are standard on all models. The comfort level is raised even higher on Premier with standard ventilated front seats and heated rear outboard seats, features that are available on RS.

A MOVE IN THE RIGHT DIRECTION. The second-row seat slides up to 140 mm (5.5 in.) forward or rearward to provide more passenger room or additional cargo space. Each rear seat also reclines for added comfort or folds flat to create room for longer, larger items.

USE YOUR INSIDE VOICE. Active Noise Cancellation uses sound waves to help counteract unwanted engine noise. Combined with a honed exterior that helps reduce wind noise and numerous other acoustic enhancements, Blazer is a quiet place for a conversation, whether you’re using the hands-free phone function or talking to people in the second row.

DON’T FORGET YOUR LAPTOP. Rear Seat Reminder1 provides alerts to double-check for valuable items left behind. It activates when the rear doors are opened and closed up to 10 minutes before or anytime while your vehicle is on, so when you turn off the vehicle under certain conditions, a chime sounds and a message appears in the Driver Information Centre.

1 Does not detect people or items. Always check rear seat before exiting.
ALL THIS, AND GOOD LOOKS TOO.
Style may be a Blazer calling card, but capability wasn’t an afterthought. A loaded full-size golf bag can fit horizontally across the cargo area. For even larger items, fold the rear seats down and you’ll have up to 1818 L (64.2 cu. ft.) of cargo space!

AVAILABLE CARGO MANAGEMENT SYSTEM. A sturdy floor-mounted rail system with an easily adjustable cargo fence helps keep cargo secure as you pursue your next adventure. This Chevrolet first is standard on RS and Premier.

The Flexible Cargo Partition and Horizontal Cargo Net — available from Chevrolet Accessories — work with the Cargo Management System and help prevent items like groceries, gardening tools and golf equipment from shifting.

THERE’S A PLACE FOR THAT. Take just about everything with you, thanks to two-tier storage solutions in the front doors, bins under the armrest and around the interior, four cupholders, and a bottle holder in each door. In the cargo area, push hooks help secure grocery bags, and a hidden space beneath the floor can hold a laptop or a purse.

1 Cargo and load capacity limited by weight and distribution.
1. **THE EASY WAY TO ENTER.**
The available power liftgate makes accessing your gear as simple as touching a button on the key fob or inside on the driver door. For added convenience, Keyless Open and Start is standard on all trims.

2. **PUT YOUR BEST FOOT FORWARD.**
Open and close the hands-free gesture power liftgate by simply using a gentle kicking motion under the rear bumper. LED lighting projects the Chevrolet bowtie emblem so that you’ll know just where to kick. Standard on RS and Premier only.

3. **ELECTRONIC LOCKING GLOVEBOX.**
The glovebox in Blazer is large enough to hold a handbag, but it holds a secret as well. You can use the touch-screen display to enter a four-digit passcode and help keep your precious cargo secure.
1. **CHOOSE YOUR VIEW.** An 8-in. diagonal customizable Driver Information Centre is included on RS and Premier. You can change the theme of the information in the middle of the gauge cluster so that data on fuel, trailer settings, phone features and more displays the way you want it. All other trims are equipped with a 4.2-in. diagonal screen.

2. **myChevrolet MOBILE APP.** Simply download the app to your compatible smartphone and with an eligible active service plan and a properly equipped vehicle, you can start or turn off your engine, lock or unlock your doors, send destinations to your available navigation system, view key vehicle diagnostic information, set parking reminders and more.

3. **SMARTPHONE COMPATIBILITY.** With Apple CarPlay and Android Auto compatibility, you can simply and smartly interact with some of your most used smartphone features, right on your vehicle's touch-screen display.

---

1 Available on select Apple and Android devices. Service availability, features and functionality are subject to limitations and vary by vehicle, device and the plan in which you are enrolled. Device data connection required. Visit onstar.ca for more details. Requires subscription to Remote Access Plan or Premium Access Plan. Remote Access Plan does not include emergency or security services. Services are subject to user terms and limitations, and vary by vehicle model. Visit onstar.ca for more details. Unlock feature requires automatic locks. Remote start requires GM factory-installed and enabled remote start system. Visit onstar.ca for more details. Requires subscription to OnStar Guidance Plan, Premium Access Plan or Navigation Add-On. Connected Navigation and Real-time Points of Interest (POI) only available on properly equipped vehicles. Services are subject to user terms and limitations and vary by vehicle model. Visit onstar.ca for more details. Diagnostic capabilities vary by model and do not cover all vehicle conditions. Additional message and data rates may apply. Requires email address on file and enrollment in Vehicle Diagnostics. Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. Vehicle user interface is a product of Google and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android compatible smartphone running Android 5.0 Lollipop or higher. Data plan rates apply.
DESIGNED FOR DRIVERS. With its driver-focused interior, Blazer invites you to take the wheel. Controls, switches and features are within easy reach and where you expect them to be. Camaro-inspired air outlets feature rotating dials for quicker, intuitive climate control.

INFORMED AND ENTERTAINED. Like a well-designed smartphone, the Chevrolet Infotainment 3 System\(^1\) with a standard 8-in. diagonal touch-screen display on every model is easy to use. Response times are quick and voice-activated technology\(^2\) allows the driver’s focus to stay where it should be – on the road ahead.

HANDS-ON COMFORT. An automatic heated steering wheel is standard on RS and Premier. Whenever the vehicle is on, the steering wheel senses the interior temperature and cycles on or off as necessary. The cabin provides comfort for everyone with standard dual-zone climate controls and two rear-seat vents.

A LIGHT TOUCH. On RS and Premier, True White ambient light pipes on the passenger side and below the front door handles are functional and sophisticated, and LED lighting in the centre console adds a touch of class. And every Blazer features multiple True White backlit switches and USB ports.\(^3\)

---

1 Chevrolet Infotainment System functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Data plan rates may apply. 2 Included with available Chevrolet Infotainment Plus and Premium System. 3 Not compatible with all devices.
SAFETY STARTS WITH YOU. Safety or driver assistance features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner’s Manual for more important feature limitations and information.
WE’RE SERIOUS ABOUT SAFETY.

ADAPTIVE CRUISE CONTROL — ADVANCED. Available on RS and Premier, with this feature your cruise control speed is automatically adapted in order to maintain a driver-selected following gap to vehicles detected ahead while you steer.

FRONT PEDESTRIAN BRAKING. At speeds up to 80 km/h, a forward-looking camera surveys the road ahead and if the available system detects a pedestrian, it can alert the driver and may even automatically apply the brakes if the driver has not already done so. Available on RS and Premier.

FORWARD AUTOMATIC BRAKING. Available radar-based Forward Automatic Braking can help mitigate collisions or even prevent them at very low speeds. If the system detects an imminent front-end collision with a detected vehicle, it can alert you and can automatically apply the brakes if you have not already done so. Available on RS and Premier.

FORWARD COLLISION ALERT AND FOLLOWING DISTANCE INDICATOR. This available feature monitors how close your vehicle is to the detected vehicle in front of you. If the system determines that a front-end collision is imminent it can alert the driver to a potential crash. It can also warn the driver if their Blazer is following a detected vehicle much too closely. Available on RS and Premier.

LANE KEEP ASSIST WITH LANE DEPARTURE WARNING. At speeds above 60 km/h, this available camera-based system monitors road lines and can gently turn the steering wheel to help keep the vehicle in its lane if the vehicle begins leaving the lane without the use of a turn signal. The system can also provide lane departure alerts if the detected lane lines are crossed. Available on RS and Premier.

LANE CHANGE ALERT WITH SIDE BLIND ZONE ALERT. With this available feature, radar sensors in the rear corners of the vehicle can help detect fast-approaching vehicles in the adjacent lanes as well as moving vehicles in the side mirror blind zones. Amber icons in the exterior mirrors indicate a vehicle’s presence.

REAR CROSS TRAFFIC ALERT. Using radar sensors, this available feature can alert you to crossing vehicles behind your Blazer when backing up. Audible warnings, as well as visual alerts on the Rear Vision Camera screen, are triggered if approaching vehicles are detected.

HD REAR VISION CAMERA. When travelling in Reverse at low speeds, the standard HD Rear Vision Camera helps provide a real-time view of the area immediately behind your Blazer on the touch-screen display.

REAR PARK ASSIST. This available feature helps you when backing up by sounding an audible alert and providing visual indication on the Rear Vision Camera display when it detects certain stationary objects in close proximity behind the vehicle.

INTELLIBEAM HEADLAMPS. When oncoming headlamps are sensed or when tail lamps are detected in front of the vehicle, the available IntelliBeam® high beam assist intuitively adjusts between low and high beams. Available on RS and Premier.

SAFETY ALERT SEAT. This available seat uses directional vibration pulses from the driver seat cushion instead of audible crash avoidance alerts to help indicate the direction of potential collision threats. This patented warning approach is tied into certain other available onboard crash avoidance systems. Available on RS and Premier.
HD SURROUND VISION. This available feature can help make parallel parking and manoeuvring at low speeds into tight spaces easier. That’s because you get two views when you look at just one screen. Using four strategically placed cameras, HD Surround Vision creates a virtual bird’s-eye view of the scene around your Blazer. All camera viewpoints merge to transmit a clear side-by-side image to the display screen.

ONSTAR AUTOMATIC CRASH RESPONSE. In a crash, built-in sensors are designed to send a signal that can alert a specially trained, Emergency Medical Dispatch-certified advisor who can help you get the assistance you need — even if you can’t ask for it. The advisor can use GPS technology to help pinpoint your vehicle’s location. This service requires a paid subscription to the OnStar Safety & Security Plan.

Safety or driver assistance features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner’s Manual for more important feature limitations and information.
1. **THE STRENGTH AROUND YOU.**
Blazer is equipped with a safety cage containing an extensive amount of high-strength and ultra-high-strength steel and seven standard airbags.

2. **REAR CAMERA MIRROR.** This available technology displays a wider, less obstructed field of view compared to a traditional inside rear-view mirror. The driver can easily toggle between the mirror surface and a video that provides a view without the obstruction of head restraints, rear-seat passengers or cargo to assist when driving, changing lanes, and checking for vehicles and traffic conditions.

3. **TEEN DRIVER.** This technology helps encourage better driving habits by providing an in-vehicle report card that monitors the activation frequency of certain available safety technology features, muting the audio system when front-seat occupants aren’t wearing their seat belts, and giving audible and visual warnings when the vehicle is travelling over a predetermined speed.

---

1. A NOTE ON CHILD SAFETY: Always use seat belts and the correct child restraint for your child’s age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner’s Manual and the child safety seat instructions for more safety information.
**PREPARE FOR LAUNCH.**

**AVAILABLE 3.6L V6 ENGINE.** This engine has performance in its DNA and loads of acceleration, plus a highway fuel consumption estimate as low as 9.0 L/100 km. Standard on all Blazer models, except Blazer 2.5. With this engine and available all-wheel drive, you can tow up to 2041 kg (4500 lb.).

**2.5L I-4 ENGINE.** The standard engine on Blazer 2.5 delivers the power and efficiency you want and need. It generates 193 horsepower and has a highway fuel consumption estimate as low as 8.8 L/100 km and a city fuel consumption estimate as low as 10.8 L/100 km.

**ALL-WHEEL DRIVE.** Conventional AWD is standard on Blazer 3.6 True North and available on Blazer 3.6, offering added confidence in a variety of road conditions. Standard on RS and Premier is an advanced AWD system that utilizes a twin-clutch rear axle design to help further improve driver control by independently directing torque to the rear wheel with the best traction in poor road conditions.

---

1 Fuel consumption estimates based on GM testing in accordance with Government of Canada approved test methods. Refer to vehicles.nrcan.gc.ca for details. Your actual fuel consumption may vary. 2 Blazer 3.6 equipped with FWD, city fuel consumption estimate is 12.0 L/100 km. 3 Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner’s Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.
**SELECT YOUR DRIVE MODE.** You can adjust performance based on road and surface conditions with the simple turn of the dial — whether you have front-wheel drive or available all-wheel drive. Up to five modes are available: TOUR is your setting for everyday driving and the best fuel efficiency; SPORT brings performance and handling to the forefront; OFF-ROAD is only for AWD models and sends more torque to the rear wheels for improved driving on snow, grass, gravel or loose dirt; 4WD (AWD) or SNOW/ICE (FWD) helps offer better control when snow and ice make road conditions slippery; and TOW/HAUL (AWD) helps keep Blazer in a lower gear, offering more torque when you’re pulling a trailer.

**AUTO-DRY BRAKES.** When the windshield wipers are activated, this standard feature automatically positions the brake pads closer to the rotors to sweep away moisture and help improve brake performance. Blazer also features front and rear disc brakes with large Duralife® rotors and 4-channel anti-lock brakes.

**STRONG, YET SILKY SMOOTH.** Premium high-strength steel and extensive computer-aided engineering are the building blocks for the Blazer body structure. But the bottom line is this: Blazer has been optimized for durability, stiffness and safety, with the ability to deliver excellent handling and road feel. Enjoy the ride.
SPECIAL FEATURES

Premium Carpet Mats with Red Binding available from Chevrolet Accessories.

Black Illuminated Bowtie available from Chevrolet Accessories.

Moulded Assist Steps available from Chevrolet Accessories.

Illuminated Sill Plates available from Chevrolet Accessories.

Chevrolet Accessories are dealer-installed and covered by the 3-year/60,000 kilometre (whichever comes first) Base Warranty Coverage of the New Vehicle Limited Warranty when ordered with your new Blazer. 1 Includes navigation services, Remote Access Plan, plus a 3 GB or 1-month (whichever comes first) data plan trial from the vehicle delivery date. Data plan provided by AT&T or its local service provider. Requires vehicle electrical system (including battery), wireless service and GPS satellite signal to be available and operating for features to function properly. Visit onstar.ca for more details. Availability subject to change. 2 A NOTE ON CHILD SAFETY: Always use seat belts and the correct child restraint for your child’s age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner’s Manual and the child safety seat instructions for more safety information. 3 Read the vehicle Owner’s Manual for important feature limitations and information. 4 All-season tires may not satisfy winter tire requirements in all regions of the country. Tires specifically designed for severe winter conditions and marked with the “winter tire” symbol may be required during certain months or in certain regions. Contact your Provincial, Municipal or local road authority for information regarding which tires are required in your particular area.

---

1. Chevrolet Infotainment System functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Data plan rates may apply.
2. Visit mychevrolet.ca to find out which phones are compatible with the vehicle.
3. Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply.
4. Vehicle user interface is a product of Google and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android compatible smartphone running Android 5.0 Lollipop or higher. Data plan rates apply.
5. Requires subscription to OnStar Guidance Plan, Premium Access Plan or Navigation Add-On. Connected Navigation and Real-Time Points of Interest (POI) only available on properly equipped vehicles. Services are subject to user terms and limitations and vary by vehicle model. Visit onstar.ca for more details.
6. Visit onstar.ca for vehicle availability, coverage maps, details and system limitations. Services and connectivity vary by model and conditions as well as geographical and technical restrictions. 4G LTE service available in select markets. Requires active connected vehicle services and a data plan to access the vehicle’s built-in Wi-Fi hotspot. Accessory Power must be active to use the Wi-Fi hotspot. Data plans provided by AT&T or its local service provider. Credit card is required for purchase.
7. Standard connectivity available only to original purchaser for 10 years. Connected Access services are subject to change. Does not include emergency or security services. Compatible 4G LTE wireless coverage required. See onstar.ca for details and limitations.
8. Capabilities vary by model. Message and data rates may apply. Requires contact method on file and enrollment to receive alerts. Not all issues will deliver alerts or notifications. See onstar.ca for details and limitations.
9. Available in 10 Canadian provinces, 3 territories and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-888-539-7474 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See the Customer Agreement for complete terms at siriusxm.ca/terms.
10. Not compatible with all devices.
11. The system wirelessly charges one Qi- or PMA-compatible mobile device. Some devices require an adapter or back cover. To check for phone or other device compatibility, visit mychevrolet.ca for details.
12. Read the vehicle Owner’s Manual for important feature limitations and information.
13. Included and only available with True North Plus Package.

1 Cargo and load capacity limited by weight and distribution. 2 Fuel consumption estimates based on GM testing in accordance with Government of Canada approved test methods. Refer to vehicles.nrcan.gc.ca for details. Your actual fuel consumption may vary.
TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE

- Purchase Financing and Leasing — on-the-spot financing; see dealer for full details.
- GM Student Bonus Program — students or recent graduates of high school, college or university may be entitled to receive a Student Bonus Vehicle Redemption Allowance of $500 or $750 (tax inclusive) (purchased vehicle dependant) to use towards the purchase, lease or finance of one eligible new Chevrolet vehicle.
- GM Card — Cardholders may redeem Earnings towards the total purchase price or lease down payment of an eligible new Chevrolet car, truck or crossover. Restrictions and limitations apply. For full program details, visit gmcard.ca.

INFORMATION RESOURCES You can find more information about these programs from your Chevrolet dealer, or at these information centres:
- The Chevrolet website at chevrolet.ca
- The GM Customer Care Centre at 1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830 for TDD users).

A WORD ABOUT THIS BROCHURE Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximate based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. General Motors of Canada Company reserves the right to lengthen or shorten the New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.
